

CAOLA Online Learning Expectations

Students

- Students are meeting the appropriate benchmarks set by Mrs. Rhinehart and Mrs. Baker.
- Students are logging in to their classes every day and completing at least one lesson.
- Students are following the classroom expectations which include working quietly on their CAOLA course during the provided time. Students may only work on other assignments or use their cell phone during this period if they have demonstrated to their monitoring teacher that they are on pace in their course.
- Students respond in a timely manner to emails from their CAOLA teachers.
- Students allow their CAOLA classroom monitor (CASA teacher) to check their progress daily.
- Students report technology issues to their teacher, classroom monitor, and administrator immediately.
- Students will not be able to submit multiple lessons of work last minute prior to due date.
- Students will not be allowed additional time since they have 24-7 access to courses. (Exceptions can be made.)
- Students who do not meet the benchmarks may be required to complete additional CAOLA work sessions which may occur before school, after school, during lunch, or during a study hall. This will be deemed necessary by an administrator.

Thank you!

If you have questions, please contact Mrs. Rhinehart at arhinehart@casa-arts.org.
