Rather, the person creating the offensive material may do it on a home computer and then use Charter School's computers to take such actions as accessing it, viewing it, displaying it for others to see, disseminating copies of it to others or otherwise publicizing the contents.</p> <p>Charter School strictly prohibits the above conduct and any conduct by any student or staff that creates or intends to create an intimidating, threatening, offensive or hostile learning environment.</p> <p>This policy shall be implemented through the cooperative efforts of the Principal, school staff members, parents/guardians, regional police and state police, and the CASA Charter School community.</p> <p>Each staff member shall be responsible for maintaining an educational environment free from bullying. Staff members who observe or become aware of an act of bullying shall take immediate, appropriate steps to intervene unless the intervention would be a threat to staff members' safety. The policy shall be posted in a prominent location within each school building and on the intermediate unit web site, if available.</p> <p><u>Preventive Measures</u></p> <p>A copy of this policy will be included in the student handbooks annually. Teachers, counselors, specialists, and school administrators will routinely discuss bullying with students and will provide appropriate examples and instruction to assist students with recognizing, identifying, and reporting bullying incidents. All students shall be informed that bullying will not be tolerated in any form. All students shall be encouraged to report any bullying regardless of whether they are the victim or an observer.</p> <p>When an investigation substantiates that bullying has occurred, the principal shall inform staff who work with the offending student and the victim about the bullying so that those staff can more closely monitor for future incidents of bullying. The primary purpose of such action is to protect the victim and deter such behavior in the future. The disciplinary action imposed on the offender will match the severity of the offense. Since bystander support of bullying can bolster inappropriate behaviors, the school prohibits both active and passive support for acts of bullying. The staff should encourage all students to walk away from these acts when they see them and to report them to the Principal of the school.</p>

Reporting Procedures

*Victims* – All students who believe they have been the victim of bullying shall promptly report the bullying incident to a teacher, counselor, or administrator.

*Parents/Guardians* – All parents/guardians who become aware of any bullying are encouraged to report the bullying incident(s) to a CASA Charter School administrator.

*Witnesses* – All students who witness bullying shall immediately report the bullying incident(s) to a teacher, counselor, or administrator. Any teacher, counselor or administrator who witnesses bullying shall immediately intervene and take appropriate action to stop the bullying.

*Teachers/Counselors* – Any teacher/counselor who witnesses bullying or receives a report of bullying shall document such incident and promptly investigate the matter. Administrators shall seek to discuss the bullying incident(s) with the victim in a place where the victim feels secure. The initial discussion with the victim shall not take place where the victim feels secure. The initial discussion with the victim shall not take place in the presence of the offending student(s). If more than one (1) student is involved in perpetrating the bullying, the administrator shall talk to each of the offending students separately. After the investigation has been completed, the CASA Charter School administrator shall take appropriate actions consistent with this policy.

Investigations into a report are to begin within three (3) days after the report is received.

Disciplinary And Other Action

A student who violates this policy shall be subject to appropriate disciplinary action consistent with the Code of Student Conduct, which may include:

1. Counseling within the school.
2. Parental conference.
3. Loss of school privileges.
4. Exclusion from school-sponsored activities.
5. Detention.
6. Suspension.

7. Expulsion.
8. Counseling/Therapy outside of school.
9. Referral to law enforcement officials.

If an investigation substantiates that bullying has occurred, a written record of the incident shall be placed in the file of the offending student(s). CASA Charter School recognizes that parents/guardians can play an important role in educating their children and preventing bullying. Accordingly, the parents/guardians of each offending student shall be informed of any bullying incidents involving their child. Parents/Guardians of the offending students will be encouraged to attend one (1) or more conferences with an administrator to review the bullying behavior and cooperative strategies for correcting it. The principal shall also inform the victim's parents/guardians of any and all bullying incidents involving their child.

Disciplinary action shall be in accordance with the Board approved discipline policy. If the investigation has determined that the conduct rises to the level of a crime, disciplinary action may also include referral to law enforcement officials. In addition to imposing any disciplinary action, the administrator will discuss the bullying behavior with the offending student and the parent/guardian and review why the behavior is in appropriate.

In some circumstances, mediation may be used as a viable alternative or in addition to disciplinary action when addressing a first offense of bullying. The administrator shall consider the nature and sensitivity of the offense in determining whether mediation is appropriate. Mediation shall not be used without the consent of the victim and their parent/guardian, or where the administrator has a concern about retaliation being perpetrated against the victim. Victims shall not be pressured into participating in mediation. The CASA Charter School Board of Trustees recognizes that a severe imbalance exists between the victim and the bully and that this imbalance can make mediation an intimidating situation for the victim.

All incidents of confirmed bullying, including those that are mediated, shall be recorded in writing and placed in the offending student's discipline file. The Board prohibits reprisal or retaliation against any person who reports an act of bullying. The consequences and appropriate remedial action for a person who engages in reprisal or retaliation shall be determined by the administrator after consideration of the nature, severity, and circumstances of the act. The Board prohibits any person from falsely accusing another of bullying. The consequences and appropriate remedial action for a student found to have falsely accused another of bullying might range from positive behavioral interventions up to and including suspension or expulsion. Consequences and appropriate remedial action for a school employee found to have falsely accused another of bullying should be disciplined in accordance with school policies, procedures, and

agreements.

The penalties and prohibitions in this policy are in addition to, and do not replace or supersede, any related provisions in district policy prohibiting conduct such as harassment, violence, assault, or hazing.

Disabled Students

For those students who meet the disability definitions of IDEA and/or Section 504, both Section 504 and Title II protect these disabled students from bullying or hazing by teachers, other school employees, and third parties. Such prohibited behavior can trigger a school's obligation to address disability-based harassment, remedy a denial of a free and appropriate public education ("FAPE"), or both. The U.S. Department of Education's Office of Civil Rights ("OCR") would find a disability-based harassment violation under Section 504 and Title II when: (1) a student is bullied or hazed based on a disability; (2) the bullying or hazing is sufficiently serious to create a hostile environment; (3) school officials know or should know about the bullying or hazing; and (4) the school does not respond appropriately.

Confidentiality

CASA Charter School recognizes that both the complaining student and the alleged bully/extorter have a strong interest in maintaining the confidentiality of the allegations and related information. The privacy of the complaining student, the individual(s) against whom the complaint is filed, and the witnesses will be respected as much as possible, consistent with legal obligations to investigate, to take appropriate action, and to comply with Family Educational Rights and Privacy Act (FERPA) and any discovery or disclosure obligations. As limited by FERPA protections, the administrator may inform the complaining student/parents/guardians of the outcome of the investigation.
